WIMAN'S PENALTY.

The New Yorker Given Five-and-a-half Years.

A Day's Delay in Removal to Sing Sing Secured.

The Peary Relief Expedition Sets Out.

Expects to Reach Destination Late in July.

NEW YORK, June 20.—Erastus Wiman, convicted of forgery in the second degree, was sentenced this morning to imprisonment for five years and six months.

Gen. Tracy, on behalf of Wiman, asked permission to apply for a certificate of reasonable doubt. This was granted, and it will be applied for tomorrow. The deputy sheriff was ordered not to take Wiman to Sing Sing until this matter is settled.

The Peary Relief Expedition.
NEW YORK, June 20.—The Peary relief expedition left from New York today on the Steamer Portia for St. Johns. On their arrival there they will embark on a steamer of the Water Fall company, and sail north to Greenland the first week in July. They expect to reach Peary's headquarters at Bowdoin bay about the end of July.

Awarded Damages of \$20,000.
CHICAGO, June 20.—Carl Burg received a verdict of \$20,000 in Judge Dunne's court in his damage suit against the Chicago, Rock Island and Pacific Railroad company. Burg, who is 21 years of age, came to this country from Sweden in June, 1882. On Aug. 1 he was crossing the Rock Island tracks at Twenty-ninth street when he was run over by an engine, dragged a considerable distance down the track, and severely injured, one arm being severed at the shoulder and the other at the wrist.

Went Back to the Their Farms.
OMAHA, June 20.—Farmers in Chase and Dundy counties who were compelled to leave that section of Nebraska on account of the continued drought during March, April and May and seek temporary work elsewhere are returning to their homes in very large numbers owing to the recent heavy rains in the southwestern portion of the state. They have begun planting corn and throughout the counties mentioned confidence has taken the place of doubt and distrust.

Wearers Try for Liberty.
OMAHA, Neb., June 20.—A break for liberty occurred among Fort Sydney wearers. According to a pre-arranged plan, the deputies sent among the prisoners to gather cooking utensils were overpowered and a rush was made for the doors, but Laddard and Captain Cornsack had their men on the spot in a moment and the Coxeyites pointed at their breasts drove the fight out of them.

Sixteen passengers in a launch at Stockton, Cal., had to jump overboard and swim for their lives because the launch caught fire and burned.

BRUTE IN HUMAN FORM.

Serious Charges Made by an Ohio Woman Against Her Husband.

CLEVELAND, June 20.—William H. Lawrence, one of the publishers of The Ohio Farmer, and a man prominent in social and business circles, has been sued by his wife for alimony. Mrs. Lawrence accuses her husband of the grossest kind of cruelty, alleging that he has assaulted her on an average of forty or fifty times a year, "blackened her eyes on Christmas Day, bruised her head against a register, and otherwise made her life a burden. Once, she says, he chased her through the house to throw her from an upper window, but she escaped by running down the back stairs.

Last Thursday, Mrs. Lawrence asserts, she was out driving with her husband, and because she would not hold the horse in front of a saloon while he went in and took a drink he swore at her so terribly that she left the vehicle. He followed her in the buggy, swearing at and abusing her, and at Erie street deliberately tried to run over her. On Murison street he jumped out of the buggy and began to drag her along the street, thus attracting a crowd. As a result of this they separated. Lawrence is worth \$250,000.

CLOUDBURST IN KANSAS.

Many Houses Moved from Their Foundations by the Water.

WICHITA, Kan., 20.—A heavy storm visited this county. The streets in this city were flooded and in many cases the sidewalks were obstructed by fallen timbers and shade trees. The worst part of the storm centered at Mulvane, twelve miles south. The cloudburst flooded the entire country and grain fields were under water, which soon flooded culverts and drains and so flooded the Santa Fe railroad tracks as to put out the fire in the engines and holding trains for several hours. The town part of Mulvane was under water to a depth of eight or ten feet and houses were moved off their foundations. Boats improvised from wagon beds and rafts made of lumber were launched and the work of rescue began. Probably twenty families were taken out by this means. There were no casualties, but the property loss was heavy. One big wagon bridge was carried out completely and bumped up against a second bridge and moved it from its foundation. The water subsided rapidly after doing much damage.

THE PRESIDENT RETURNS.

Much Improved in Health by His Trip Down the Bay.

WASHINGTON, June 20.—President Cleveland has returned to Washington very much improved by his outing on the salt water. The light-house tender Maple, which has been his home for the past four days, left Annapolis, where she touched for coal, and then, after steaming leisurely around Point Lookout and into the Potomac river, arrived at the wharf here. From the wharf the president was driven to the White House. There the president ate breakfast and then started for work. He had benefited very much from his trip, most of the time being spent on deck exposed to the ocean winds. It was stated by Mr. Thurber that the president had no recurrence of his complaint, and felt perfectly restored to his usual health.

Situation in the Coke Region.
SCOTTDALE, Pa., June 20.—The situation in the coke region continues peaceable, and while the old men are still holding out the importation of negroes is gradually breaking the strike. Seven car-loads of negroes arrived and at the same time a large number of foreigners took their departure. The Slavs and Huns have become disgusted at the long idleness and many are leaving the region never to return. Secretary Darby of the Miners' union has tendered his resignation. It will have a depressing effect upon the strikers and in a few days there will be a rush for their old places.

Miss Pollard Not Traveling.
WASHINGTON, June 20.—Dispatches from the west saying that Miss Madeline Pollard is traveling on the great lakes are incorrect. Miss Pollard has been living here in retirement since the close of her breach of promise suit and has not left the city. When she goes upon the street it is invariably in the company of Mrs. Ellis, the sister of the Episcopalian order, who was her constant attendant during the trial and who cared for her during the illness which followed that ordeal.

Iowa Grand Army Encampment.
COUNCIL BLIFFS, June 20.—The Iowa state G. A. R. encampment opened with 2,000 delegates present and more are arriving on every train. The first formal meeting was held at the park at noon, when ex-Department Commander Steadman delivered the address of welcome. One of the principal items of business to be transacted, at the meeting is the election of a successor to Phil Schaller, the present department commander.

Used the Mails for Fraud.
DENVER, June 20.—W. H. Hale, who was arrested in New York on his arrival from England, where he served a sentence in prison will be brought to Denver for trial on the charge of using the mails to defraud in connection with the Gun Wa Medical dispensary. For a long time by means of advertising his alleged Chinese remedies Hale made \$10,000 a month. The only medicine which he ever gave was mountain sage.

Harcourt to Leave the House.
LONDON, June 20.—It is announced that Sir William Harcourt will retire from the lower house at the close of the present session and be elevated to the house of lords. The question of a successor to Sir William as Liberal leader is being actively canvassed. The choice seems to be between Rt. Hon. Henry Campbell-Bannerman, the Rt. Hon. Henry Asquith and the Rt. Hon. John Morley.

Delaney Killed by a Blacksmith.
NEW YORK, June 20.—Mrs. Bartholomy, wife of the man who killed Politician Delaney, has confessed that the murder was premeditated and the result of her husband's futile attempt to blackmail Delaney.

Scrofula humors and all diseases caused or promoted by impure blood or low state of the system, are cured by Hood's Sarsaparilla.

COXEY WELCOMED.

Great Time at Massillon, O., on His Return.

TWO THOUSAND PEOPLE HAIL HIM.

And a Brass Band and Parade Emphasized the Demonstration—The Head 'Wearer' Makes a Speech and Will Start on a Lecture Tour—More Train-Seizing by His Western Adherents—The Sanders Army Broken Up by the Court.

MASSILLON, O., June 20.—Two thousand people assembled at the Fort Wayne depot to welcome J. S. Coxe back to his former haunts. As the commonwealth general appeared upon the car platform Allen Cook, the Canton agitator of Coxeyism, mounted a truck and proposed giving three cheers for the next congressman from the Eighteenth district. The response from the crowd was deafening, and as he alighted a neatly dressed woman presented a beautiful bouquet of roses, which he gracefully accepted. He then allowed those assembled the privilege of touching his hand. The independent band was engaged for the occasion and during the march up the street Coxe was kept busy doffing his hat to those who crowded the sidewalks. Coxe says the Jaxon plot story is without foundation.

General Coxe said that he would remain but a few days to look after his business affairs, when he would start on his lecture tour. This includes the following cities: Ashtabula, June 20; Crystal Springs, June 22; Minneapolis, July 4; and Brooklyn, July 25. "What will you do upon your return?" was asked. "Prepare to campaign the state as a candidate for congress in the 18th district."

CAPTURE A TRAIN.

General "Jumbo" Caldwell's Army Arrives at Milwaukee.

MILWAUKEE, June 20.—General "Jumbo" Caldwell's commonwealth army captured a fast stock train on the Chicago, Milwaukee and St. Paul road at LaCrosse at midnight and came through to Milwaukee. The army numbered 190, but forty were left at LaCrosse. The 'wearer' were not unduly demonstrative but were determined to ride and overcome the train crew by sheer force of numbers. The conductor notified the officers in this city of the situation and received orders to carry the army to Milwaukee.

Commonwealthers Sentenced to Jail.

LEAVENWORTH, Kan., June 20.—Judge Thomas sentenced Sanders' commonwealth army as follows: Thirteen men fined \$25 each and committed to the Douglas county jail at Lawrence; six men, Sanders' staff officers, fined \$50 each and committed to the Sedgewick county jail at Wichita; forty fined \$25 each and taken to the Leavenworth county jail; thirty-two fined \$20 each and committed to the Wyandotte county jail; thirty fined \$20 each and committed to the Shawnee county jail at Topeka. This will effectually break up and disband the commonwealth army.

Kelly Met by a Police Boat.

LOUISVILLE, July 20.—At 2 o'clock in the morning the police boat Pavonia, from New Albany, met Kelly and his army at West Point, Ky. He was informed of the action taken by the falls cities, and after an angry parley he ordered the captain to turn back to Evans Landing, where he disembarked. He will come to Louisville and try to get enough money to take the army to Cincinnati.

Another Train Seized.

DENVER, June 20.—Twenty deputy United States marshals have been sent to Lamar, Col., where Vinetti's California industrialists seized a freight train. The train was run on a siding, but the commonwealthers refused to leave the cars.

TERRIBLE DOUBLE TRAGEDY.

A Widower Kills His 12-Year-Old Son and Then Himself.

NEW YORK, June 20.—Crazed with grief at the death of his wife James F. Forsday shot and killed his son Walter, aged 12, and then ended his own life with a bullet in his brain. Forsday was found dead in the dining room of his house, while his son lay on the floor, still alive, though he died a few minutes later. The lad had evidently just returned from school, as his cap and books were on the table, where also was found a hymn book opened at the hymn "Beckoning Hands." A portrait of his dead wife had been placed on the book and a bouquet of flowers. Forsday left a letter to his eldest son James giving instructions for the burial of his son and himself. He wrote that his wife was becoming to him and he must go.

Corn Famine Threatened in Mexico.

CITY OF MEXICO, June 20.—Government reports say that unless rains set in more vigorously shortly Mexico will experience a general corn famine this year. Reports regarding the failure of the first corn crop indicate that the delay of the rain is being keenly felt by the farmers and corn has already experienced a rise. In the state of Michoacan rains have fallen succeeding a season of fasting and prayer therefor. In consequence the people of that section have renewed their religious ceremonies of thanks.

Forty-Five People Drowned.

BEELIN, June 20.—A terrible disaster is reported from the Russian government of Samara. A party of young people, numbering about seventy, were returning from a fête on the river Volga. The boat which was carrying them across the water was leaky and overcrowded. When near Bugulma the boat sank. The drowning people, few of whom could swim, clutched frantically at each other in their efforts to keep themselves above water, and forty-five out of the seventy passengers were drowned.

Drank a Pint of Coal Oil.

ARCOLA, Ill., June 20.—Barney Van Deusen, aged 28 years, drank a pint of coal oil, from the effects of which he died. He was one of the oldest settlers in this county.
